DEPUTATION NOT ADMITTED

A deputation from the Australian Aborigines League, which visited the German Consulate yesterday, with the intention of conveying to the Consul (Dr. R. W. Drechsler) a resolution condemning the persecution of Jews and Christians in Germany, was refused admittance.

A letter requesting Dr. Drechsler to forward the resolution to his Government was left at the consulate.

The resolution, voiced, "on behalf of the aborigines of Australia, a strong protest at the cruel persecution of the Jewish people by the Nazi Government of Germany, and asks that this persecution be brought to an end."

In December 1938 the Australian Aboriginal League mounted an official protest to the German Government over its persecution of Jews, as reported in Melbourne newspapers.
